II. Procedure

Requirements to operate...

BUCKET TRUCK

1. All employees of the Maintenance Department who operate the bucket truck shall be trained sufficiently to meet the standards set by the City of Jackson and the Maintenance Department.
2. Must have annual safety training to operate a bucket truck.
3. New hires will train with multiple operators before operating equipment.
4. There will be daily walk-a-round checklist for inspection of equipment prior to the day's use of the equipment. This checklist shall be kept on file.
5. All City vehicles, heavy and mobile equipment shall be scheduled for regular periodic maintenance by the City Garage.
6. All employees of the Maintenance Department will go through annual training that aligns with the City of Jackson's policies and procedures annually.
7. There will be refresher safety and operational training for Maintenance employees annually.

III. Certification of Training

After remedial training, if an employee fails to qualify and cannot properly, safely, or comfortably use any of the required equipment, vehicles, or power tools, assigned to their job, the employee shall be given a 30 day period to in certification. If after this 30 day period, the employee does not achieve the proper certification in training and the supervisor observes the employee cannot perform the job they were hired for, the employee is subject to disciplinary action up to and including termination for failure to meet standards.

The department shall maintain certification/training log for each employee. The log shall consist of the following:

- Employee's name, position title and list of equipment, tools or vehicles assigned to the employee;
- Certification/training hour forms;
- Inspection forms of equipment, tools or vehicles;

- Training sign-in sheets and all sign-in sheets must contain the following: •

Name of training;

- Instructor(s) name(s) who conducted the training
- Date and time of training;
- Location of training;
- Signatures of all employees in attendance for the training;
- Supervisor's approval of the employee's ability to perform his/her duties safely, accurately and efficiently as assigned to them.
- Sign-in sheets for trainings shall be kept as pertains to OSHA record keeping retention rules.
- Copies of all training sign-in sheets shall be sent to the Safety Officer in Risk Management.

IV. Condition of Vehicles, Equipment, and/or Power Tools

Employees assigned tools, equipment, or vehicles shall keep all in good serviceable condition.

All tools, equipment, or vehicles shall be inspected daily.

All tools, equipment, or vehicles may be subject to inspection by any of the employee's supervisors at any time. Supervisors should plan periodic inspections and document their findings.

Failure to inspect, maintain or report any damage or problems with any assigned tools, equipment, or vehicles may result in disciplinary action.

Upon inspection of tools, equipment, or vehicles, there is evidence damage, the following procedures apply:

The employee shall notify his/her supervisor.

The employee shall complete an Accident/Incident Report (AIR) form. The supervisor shall sign the form and send it to Risk Management.

Pictures should be taken of the damage. Any documentation, such as previous inspection forms should be included and all sent with the AR form to Risk Management.

In the event to damage to tools, equipment, or vehicles is determined the damage was a result of the employee's negligence, the employee may be subject to disciplinary action.

Review of Policy and Procedures

The Department Head will review the Safety Training Policy & Procedures annually and revise as necessary.

Self-Cancellation

The Safety Training Policy & Procedures will remain in force until revoked or superseded by competent authority.

FORM INSTRUCTIONS

Equipment Walk-Around Procedures:

- The walk-around procedure must be completed prior to on-the-job training.
- All walk-around procedures are equipment specific.
- Upon completion of the walk-around, the trainer will fill out the Walk-Around Training Record and place in employee's personnel file within the department.

On-The-Job Training Procedures:

- A qualified equipment operator (trainer) shall work with the employee on the operations of the specific equipment being used.
- As the training occurs, the trainer will document the employee's training ours and progress and fill out the On-The-Job Training Record.

Training Sign-Off: The supervisor will review the training record and sign off indicating the employee is ready for evaluation.

Qualification Sign-Off: The supervisor will evaluate the employee's performance using a Supervisor Evaluation/Check Sheet form to the specific equipment and then sign this form recommending or not recommending the employee for qualification.
